

A/R Check Inquiry

Check Inquiry is where you can look up any information on any A/R check you have in the system. This report shows Check Number, Control Account, Customer Account, Customer Name, Invoice Number Payment Date, Total Amount, Control Account Name, Bank Account, and Invoice Date

Note: If you only have the check number you can look it up by only giving the check number or if you only know what the job name is that the check paid for you can look it up by the job name and it will list all the checks associated with that job

From the Main Menu (Accounts Payable > Checks > Check Inquiry)

Report Filters

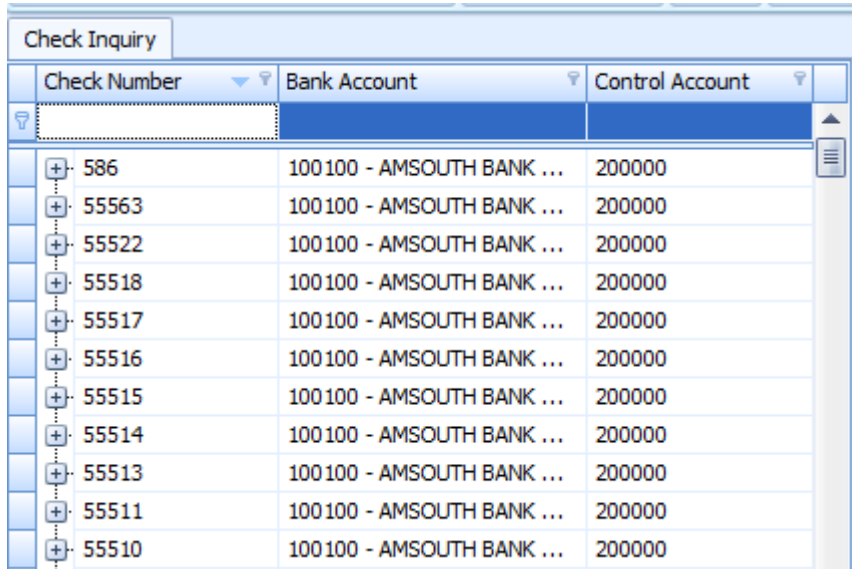

All Checks: You can select this option to see all checks, for example say you have a check selected but want to go back to viewing all the checks, simply click (All Checks).

Account: This is where you select which account you want to look at or you can decide to look at all accounts.

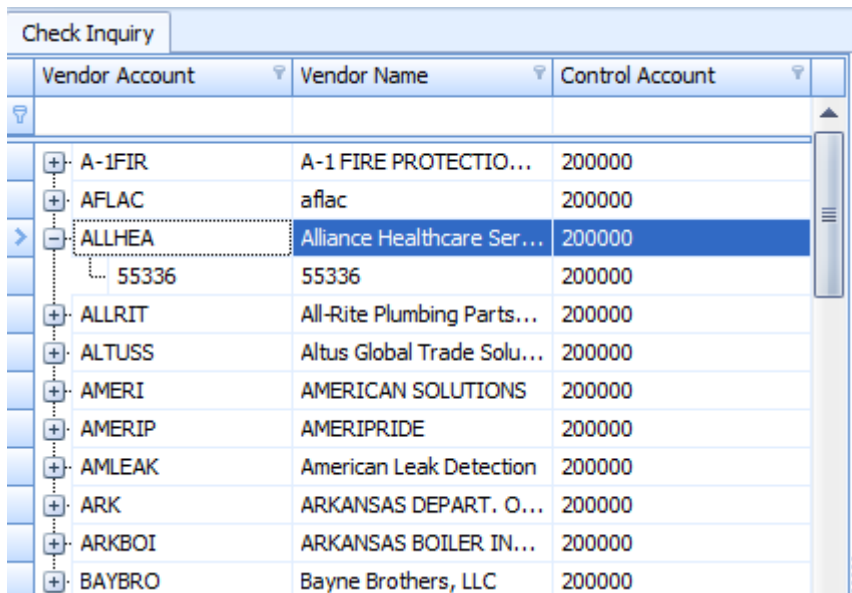

You can run the report by Check or by Vendor

By Check: You search by check number in the “Tree”

Check Number	Bank Account	Control Account
586	100100 - AMSOUTH BANK ...	200000
55563	100100 - AMSOUTH BANK ...	200000

Report Options

Date: You can choose your date range here

Report Options dialog box with the following fields:

- Begin Date: 10/1/2016
- End Date: 2/28/2017
- Refresh button

Searching By Check: To the left of the screen you have what we call a “Tree”. This gives you the check numbers, Bank Account, Control Account. You can type in the check number and then click the plus sign beside the check number and it will show you everything that check paid. When you click on the check it comes up on the right side of the screen showing you Vendor Name, Invoice Number, Invoice Date, Check Number, Payment Date, Total Amount
