

Toolbar Overview

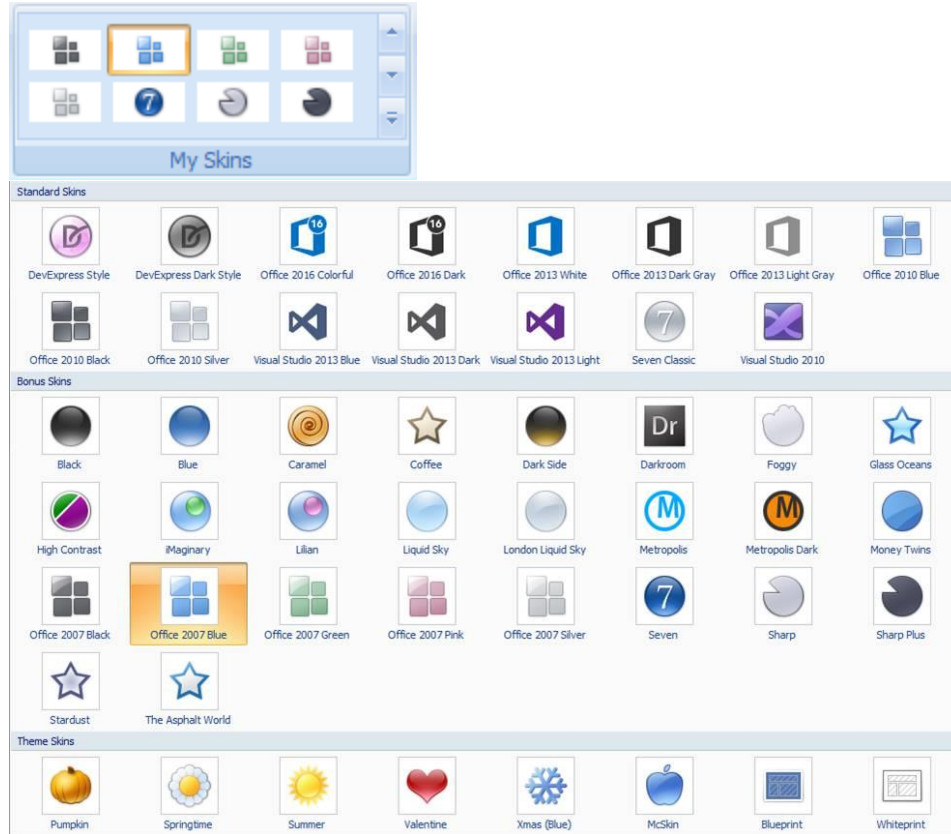

Hardhat's Main Menu Toolbar gives you access to everything that you will use frequently while working in your Hardhat system. The toolbar functions are explained below:

My Companies: If you have more than one Company on Hardhat you can access all of them from this button. There is no need to have multiple desktop icons anymore if you have multiple companies.

My Skins: You can truly have YOUR Hardhat YOUR way! Customize your skin as often as YOU like!

Recently Opened: Quick access to recently used programs within the Hardhat System

Options: Here you can further customize your User Experience with the customization of the background image on the main menu. If you right-click on the large white area, you can Paste or Load an image. The Image Layout option allows you to choose how your image displays.

Options

My Options

Options

Form Options

- Always Open Hardhat Enterprise Main Form Maximized
- Always Open Inner Forms Maximized

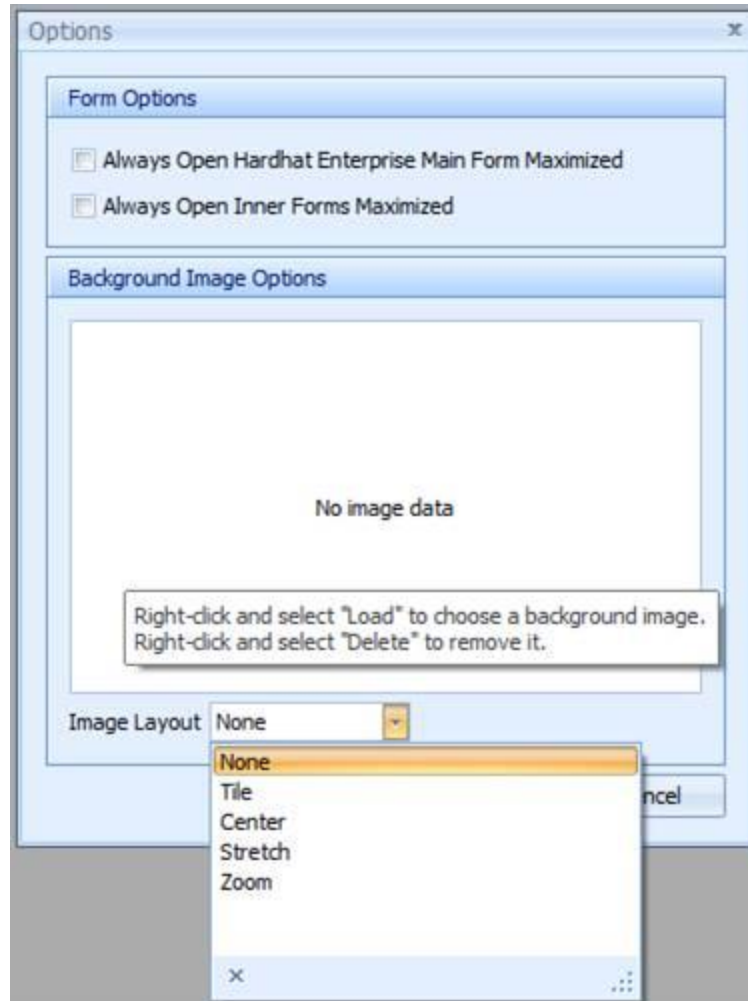

Background Image Options

No image data

Right-click and select "Load" to choose a background image.
Right-click and select "Delete" to remove it.

Image Layout: None

Save Cancel

Exit: This will close your Hardhat System for you.

About: Provides you information about the Hardhat, Inc. Software such as the Version.

Help: Start the program's help system

Website: Click here to automatically be directed to Hardhat, Inc.'s website.

Downloads: This will take you to the download section of Hardhat, Inc.'s website for Updates and Enhancements to the system

Live Support: This will connect you to a Hardhat Technical Support Professional through Live Chat

Request Support: This will allow you to email the Technical Support

Web Meeting: This will Launch Turbo Meeting so that a Technical Support Person can access your computer to provide support

Suggestions: Here you will be able to make suggestions for future Hardhat Updates and Enhancements.

Message: From here, you can send text, such as service call/job information to technicians. Data will go through as an SMS message, so a Phone Number and Phone Carrier must be provided.
